

Class topic learning information for school website.

To be completed each half term and placed in the relevant file on the staff server by the end of the first week of each half term

Term	Spring 1 2020
Class Year group	Mrs Craggs Year 1/2
Topic	Castles
Overview of topic	We will be exploring castles, knights, kings and queens and dragons this half term.
Literacy focus	We will be concentrating on using capital letters and full stops in some of our writing and making sure that our writing makes sense. We will be learning further phonic sounds and using these when spelling words as well as learning the spellings of more exception words and using these in our short narratives.
Maths focus	We will be using different methods and models to subtract numbers to 20. We will be exploring numbers to 50 and compare coins and notes.
Science focus	We will be further classifying different materials – describing their properties and uses.
Other learning	We will be learning about objects in the past and how things were different as well as changes within their lives. Our art focus is printing and DT is mechanisms when we will make and test drawbridges.
Things to do at home	Please continue read with your child every day and learn the number bonds to ten.
